

REMARKS

The above-identified patent application has been amended and Applicants respectfully request the Examiner to consider the application in view of the amendments herein.

Applicants have amended FIG. 4C to show an exemplary ratchet-type mechanism 110b allowing only unidirectional movement. Applicants have also amended the specification herein to include additional references to the ratchet-type mechanism.

Applicants submit that no new matter has been added with this drawing amendment. The ratchet-type mechanism 110b was described in the specification as filed, at paragraph 0041 beginning on page 6, as one type of mechanism that allows unidirectional movement.

The Examiner is respectfully invited to telephone the undersigning attorney if there are any questions regarding this Amendment or this application.

The Assistant Commissioner is hereby authorized to charge payment of any additional fees associated with this communication or credit any overpayment to Deposit Account No. 500845.
